

Linda Martin

“Together, we will create a team of Canada’s top business leaders in the fast-growth, mid-sized, privately held space.”

TEC CEO Chair
Toronto, ON

Hello!

With over 20 years of executive leadership experience, I have worked in high-growth environments across various industries, managing operations in over 50 countries.

My expertise includes co-leading a privately held company, driving its revenue from \$50M to \$250M in just three years. In the complex, globally interconnected world we live in, I understand the challenges of leading culture and strategy.

My passion lies in helping leaders foster a culture of teamwork and teams of teams that think differently to grow and adapt in dynamic environments, while experiencing a sense of well-being. Voted one of the Top 20 Leadership Team coaches in North America, I have received numerous leadership team awards during my tenure as a senior executive in global firms. I have also provided guidance to renowned institutions such as Forbes and Harvard Business Review on unlocking growth.

As a TEC Chair, the members of my TEC CEO group can look forward to experiencing the rewards that come with my track record of maximizing both business growth and profitability, along with executive growth and impact.

On a personal note, I come from a large family of nine, where my interest in teams began. Proud of my Canadian roots reaching back to the 1830s, I happily reside in Toronto, happily married with one son who is studying business and computer science. I seek energy from connecting with nature, and enjoy running, hiking, Alpine and Nordic skiing.

My TEC Group Vision

We know that the days of individual leadership and CEO heroics are over. Together, we will create a team of Canada’s top business leaders in the fast-growth, mid-sized, privately held space. Our blind spots will be reduced and as aware leaders, we will create companies with high-performing teams, where explosive personal and professional growth is ours – because “Together is Better”.
