“Connected by our drive for innovation and respect for pushing the limits of our collective personal and professional success, our broad range of viewpoints and diverse membership will provide a lasting impact on each other’s businesses and lives”

TEC CEO Chair
Burlington, ON

Hello!

As a highly skilled coach and mentor, I have spent decades building high-performance teams in the business world. Drawing from my experience as a TEC Canada member for nearly ten years, I have recently transitioned my corporate career to a part-time position as a TEC Chair. In this role, I am committed to cultivating the power of a peer group for fellow business leaders in the Niagara, ON region.

My professional journey began as a consulting engineer, where I worked on waste projects across Canada. For the past 15 years, I served as the Executive Vice President of the Environmental Division at Walker Industries. In this role, I oversaw a diverse portfolio of businesses in the environmental field. Specializing in P3 (Public-Private Partnerships) with municipalities and strategic joint ventures, I successfully started and scaled new businesses in various industries. Currently, I serve on two Corporate Boards and hold a position as a Board Member of the Ontario Clean Water Agency.

Beyond my professional pursuits, I am an active volunteer in the Niagara community, currently serving as the Chair of the YMCA of Niagara and on the Capital Planning Committee of the Niagara Health System. Additionally, I was also the founding President of the Greater Niagara Chamber of Commerce and the Niagara Health Foundation.

On a personal note, I hold a license as a Professional Engineer (P.Eng.) in the Province of Ontario. Originally from Scotland, I moved to Canada in 1981 with my wife. My daughter has settled back in the UK and works as a CA with Deloitte in the Cardiff office, where I frequently visit. Outside of my professional pursuits, I am an avid athlete, often biking and running in my spare time. As well, I play and sing in a well-known Niagara rock band, adding a creative dimension to my life.

My TEC Group Vision

We are a group of passionate leaders with strong business acumen, experience, and business development interests. Connected by our drive for innovation and respect for pushing the limits of our collective personal and professional success, our broad range of viewpoints and diverse membership will provide a lasting impact on each other’s businesses and lives.
