TEC CEO Chair, TEC KEY Executive Chair
Vancouver, BC

Hello!

Believing in the power of cumulative knowledge, I bring over 30 years of general management experience at a national and international level working with Canada's second largest private company, the Jim Pattison Group.

My management experience spans a variety of consumer product and service industries, where I delivered stellar results working with key executive teams at both the corporate and operational level. My journey began in sales and marketing, then moved into business development, where I held roles as Managing Director, VP-General Manager, and President. I have consistently demonstrated exceptional executive management skills, surpassing revenue records and targets.

In 2014, I founded Hunt Management Partners, a consulting practice that assists public organizations, growth companies, and key executives in identifying and implementing strategies designed to support and meet plans. Areas of focus include product and revenue development, marketing and branding, and process and change management. As well, my practice provides one-on-one executive coaching and leadership development to CEOs, senior executives, entrepreneurs, and professional managers across various industries.

On a personal note, I proudly served as the Executive Producer of the 2010 Emmy Award winning film *Over Canada*, the first HD film premiered on Canadian television/ I received the Jim Pattison Group Presidents Award for top company and achieved Pattison Outdoor's highest all-time BC revenue record. I also managed the successful marketing launch of 24 hours- the newspaper that pioneered a new BC newspaper category. Outside of the professional realm, my interests include sailing, coastal hiking, and cooking for family and friends.
