"I strive to attract CEOs and key executives who are committed to lead successful businesses and meaningful lives."

TEC CEO Chair, TEC KEY Executive Chair,
TEC Small Business Chair
Ottawa, ON

Hello!

With an appreciation for the diversity and challenges faced by people and businesses all over the world, I have launched into a global journey through 25+ years in high technology, doing business in more than 30. My career began in the dynamic computer business with Sperry Univac, then to Hewlett Packard Canada, where I quickly ascended the ranks. I then went on to a long executive career at Sun Microsystems in Silicon Valley. Returning to Canada in 1996, I made Ottawa my home, where I served as a senior executive for three global technology companies.

In my role at TEC, I strive to attract CEOs and Key Executives who are not only committed to lead successful business but also to live meaningful lives. I seek members who approach life with an open-minded attitude, are always open to learning, and are generous in their desire to contribute to the success of others. Additionally, I am a Best Practice Chair for Eastern Canada. In this leadership role, I help all Chairs in Eastern Canada elevate their TEC Chairing.

On a personal note, I was born in Buenos Aires, Argentina, and I have had the privilege of doing business in diverse locations including Los Angeles, New York, Israel, and Toronto. Alongside my wife, I am a proud parent to four children, two from each of our previous marriages. Academically, I hold a Bachelor's degree in Electrical Engineering and a Master's in Management Sciences with a focus on Organizational Behaviour Psychology from the University of Waterloo.

My TEC Group Vision

To increase the effectiveness and enhance the lives of each member.
