*“Great leaders help people discover and grow their talents and abilities to achieve success beyond what they thought possible. I have seen how much more can be accomplished when leaders lead by lifting others.”*

TEC CEO Chair  
Hamilton / Burlington / Toronto, ON

## Hello!

I believe that the journey of discovering and developing our talents is a lifelong journey. As a TEC Chair for over 15 years, I am passionate about helping my members identify and develop their leadership abilities to achieve their personal and professional goals. My approach involves cultivating high levels of trust and openness within our groups, creating a safe, trusting, yet challenging environment.

With over 30 years in corporate leadership, I am a seasoned senior executive with a wealth of experience. My passion for business and talent started in significant roles at Borg Warner Finance and CIBC Finance, where I rose in both organizations to become a Senior Vice President and President. A highlight of my professional journey was successfully launching and growing Borg Warner's Australian division, selling it for \$200 million five years later.

My commitment to growth extends beyond my professional life. Over the past 15 years, I have had guided and mentored 125 members as a TEC Chair, actively seeking business leaders who are deeply committed to their and others' growth. On a personal note, I reside with my wife in Burlington, ON, and take pride in being a father of two successful entrepreneurial daughters. I have also served as a Past Corporate Director of several companies, including Bauman McKay Insurance, and as the Past Chairman of the Retinitis Pigmentosa Foundation. I also find joy in golfing and hiking in Ontario's beautiful TomThomson country.

## My TEC Group Vision

To create a credible and challenging environment that brings together old and new ideas to inspire growth and lifelong learning.
